As part of efforts to promote Primary Health Care delivery to the local communities, a team of graduands from the Federal University of Technology, Minna has donated assorted health care items worth 500 Dollars to Jatapi Community of Gidan Kwano Village, opposite the Main Campus of the University.

The money which worth about N300,000 was a grant awarded to the Team by LEAP Africa, a non-profit NGO, which is committed to supporting young Nigerian undergraduates under the age of 30 by providing them with capacity building trainings and the supportive environment needed to be self-leaders that would bring long-lasting positive change to their communities.

Unveiling the items on Thursday, June 15, 2023 at the Primary Health Care Centre, Jatapi, Gidan Kwano Village, the Vice-Chancellor of the University, Prof. Faruk Adamu Kuta who was represented by the Dean, Students' Affairs, Dr. Bashir Ganiyu commended the students for the achievement and assured them of the Management's support.

Prof. Kuta who maintained that community service is one of the cardinal objectives of a university, appreciated the community for their cooperation which afforded the students the opportunity to carry out the project.

Speaking earlier, the Team Lead, Mr. Tihamiyu Quazeem Omotoyosi, a graduand of the Department of Agriculture and Bio-resource Engineering in the University, stated that the main objective of the project was to ensure accessible quality health care services which guarantee healthy living condition for the community, stressing that citizens ought to contribute towards betterment of their immediate community.

He said that having conducted needs assessment, the team identified shortage of drugs and other simple medical equipment as the major challenges bedeviling the health facility hence, the intervention in that direction.

Mr. Quazeem who disclosed that the LEAP Africa paid 70 percent of the grant used for the procurement of the items as an initial payment in line with its procedure, expressed his team's determination to contribute the remaining 30 percent to the community.

The Team Lead who appealed for more support from the individuals and groups to enable them do more, further expressed his team's determination to embark on health awareness campaign within Gidan Kwano community with a view to sensitizing people on preventive health tips.

Also speaking at the occasion, the Village Head of Gidan Kwano, Alh. Abdulmalik Muhammad who was represented by Mr. Bako Wakili Bosso said that the development came at the right time because, the nature of the season coupled with the fact that more students moved from the Bosso Campus to the Gidan Kwano community, which invariably added to the population of the community, posing more health challenge. He added that the development would go a long way in addressing some of the challenges.

The community head who described the efforts of the team as commendable further assured that the items would be judiciously utilized.

Other members of the Team include: Na'ima Ibrahim, (Graduand) Department of Crop Production, Deputy Team lead, Yakubu Usman, (Graduand) Department of Building Technology, Abdulazeez Arafah Mayowa, (Graduand) Department of Quantity Surveying and Aminat Abdulkareem, Department of Civil Engineering, 300 Level.
