MCT 321, Second Semester 2014/2015 Examination

1. With clear examples, highlight any six (6) grammatical rules that should be observed in writing good photo captions in multimedia journalism.
2. Photo cropping for content suggests that a photograph with shortcomings is corrected before it is published. State any three such shortcomings and explain how each could be corrected through photo cropping.
3. Articulate six points to support the position that digital cameras are multimedia devices.
4. (a) What do you understand by amateur images?  
(b) Discuss any two advantages of amateur images to a multimedia journalist.  
(c) Explain any two approaches that could be used by journalists to verify amateur images.
